MIS Service Entry General Rules

- Don't put actual youth program elements listed in the Matrix under the *Youth Career Planning (Case Management)* activity.
- Document every service in the MIS within 10 days of it being provided.
- Ensure the services are outlined in the Individual Service Strategy (ISS).
- Services screen will list all services provided so that anyone looking at the client can easily see what services have been provided.
- Case Notes/Episodes are used to tell the story about the service.

14 Youth Program Elements

What are the Youth Program Elements?

TEGL 21-16

The following discussion clarifies the 14 program elements and explains the services to be reported under each specific program element. In addition, the matrix provides an easy reference for finding applicable program elements. These clarifications of youth program element definitions will facilitate the consistent reporting of services across local areas and prevent duplicated reporting of the same service in multiple reporting categories.

Youth Program Element 5 - Application

Question:

- Can I provide each of the elements that make up an IET separately and report it here under this service?

Answer:

- No. By definition, each of the three components must be provided concurrently and contextually. The ICAPS/IET career pathway programs are developed to address this requirement.

Youth Program Element 6 - Definition

Leadership Development

The services under this program element are focused on encouraging responsibility, confidence, employability, self-determination, and other positive social and civic behaviors.

The purpose of the services under this program element is to enable individuals to participate in WIOA activities.

Supportive services should be provided to address needs or issues identified during the intake and assessment process. Any issue that would hinder the ability of the youth to participate in WIOA youth services should be addressed through the provision of supportive services. A plan for what supportive services will be needed and how they are provided must be included in the youth's Individual Service Strategy (ISS).

Supportive Services

When can supportive services be provided to WIOA title I Youth?

Supportive services can be provided to WIOA title I Youth during program participation and during follow-up services. There are no specific requirements for when to provide supportive services. They may be provided based on the participant's needs as identified in the youth's Individual Service Strategy (ISS).

How do support services relate to follow-up services?

Supportive services are one of the five types of WIOA title I Youth program elements that may be provided during follow-up as discussed in 20 CFR 681.580. If supportive services are provided as a follow-up service, they do not extend the date of exit.

Youth Program Element 7 - Rules

RULES for Documenting in MIS

- Local Workforce Innovation Boards (LWIBs) must develop a supportive services policy that ensures resource and service coordination in the local area.
 - Boards policies should ensure SS are WIOA-funded only when these services are not available through other agencies and that the services are necessary to participate in Title I activities.
- All local staff, especially career planners, must have copies of local policies and understand how to apply the local board's policies.

PLEASE
NOTE

Note

This has been a repeat finding across multiple local areas during federal monitoring.

Youth Program Element 7 - Application

Question:

- Can (WIOA funded) support services occur during the follow-up period?

Answer:

- Yes. All allowable supportive services can be provided for WIOA Youth during their post-exit follow-up.
- MIS Rule:
 - IWDS/MIS will not allow a “SS-Supportive Service” record to be added post-exit when a “Follow-Up” service record is open. So, any supportive service and activity must be documented via general case notes. Same rule will apply in system at deployment of Youth service updates.

Youth Program Element 14 - Application

Question:

- Does utilizing the Scholarship Finder on the Career One-Stop website count as an activity that can be recorded under this youth element?

Answer:

- Yes. The use of websites and apps to assist in finding scholarships is acceptable. Others include Going Merry, Fastweb, and Peterson's.
- Local school districts often have “college rooms” in their high schools that can be a source of local scholarships that may be available.

Additional Non-Enrolling Activities

Activity Highlight

Training Paid by NON WIOA Title I Funds

Rules for Reporting Service:

- This non-enrollment activity should only be recorded in specific circumstances as a mechanism to indicate when a WIOA participant is **co-enrolled** in another **partner** program and is being provided a training service NOT funded by WIOA Adult or Youth funds and is also receiving a WIOA IY program element.
- The career planner must provide justification for the need for wrap-around WIOA services to meet the participant's employment goals that are outlined in the Individual Service Strategy (ISS).

Relationships to Performance:

- This "other" type of training documentation will NOT flag participants for inclusion in the Training measures unless they are provided with an additional WIOA-funded training service.

Additional Non-Enrolling Activities

Question:

- My participant is a WIOA Title I Youth who is getting training services from another partner program. We are providing them with Adult Mentoring and Leadership services. Can I provide them with supportive services?

Answer:

- Yes, if the supportive service is tied to one of the elements being provided.
- LWIAs should add the *Training Paid by NON WIOA Title I Funds* activity so there is a clear record to support funding supportive services under WIOA. Must be documented in ISSs as well.
 - The career planner must also indicate the program providing the training service in the Individual Service Strategy (ISS) and case notes as well as document the program on the Concurrent Programs screen.
 - When a participant is co-enrolled, the following must be coordinated across the programs: ISS; Services; and Exit.

Service Highlight

Planned Gap/Holding

Rules for Reporting Service:

- Participants who have a planned gap in WIOA Title IB services of greater than ninety (90) days must not be considered as exited **if** the gap in service is due to one of the following circumstances:
 - A delay before the beginning of training;
 - A health/medical condition or providing care for a family member with a health/medical condition; or
 - A temporary move from the area that prevents the individual from participating in services, including military
- The planned gap in WIOA Title IB services may not last more than one hundred eighty (180) consecutive calendar days from the date of the most recent service.
- All planned gaps in service must be documented in the MIS and include the reason for the gap and the anticipated return date to complete program services.

Additional Non-Enrolling Activities

Service Highlight – continued

Planned Gap/Holding

Rules for Reporting Service:

- Pre-determined gaps in participation can be documented and the individual will retain WIOA participant status and not be exited per the “90 Day No Service” rule.
- Documentation must be provided and kept in file to support the circumstance - medical or other.
- If deemed necessary in an IEP, the participant may receive career services while waiting to resume WIOA training activities. However, no other services are required to be open alongside a planned gap.
- If no other services are being provided and open, the participant will show on “90 Days NO Service” reports.
- Planned Gaps are never allowed to document when participants cannot be located.

Additional Non-Enrolling Activities

Question:

- My participant has provided me with documentation that a medical issue is preventing them from resuming their occupational skills training/welding program in the spring. They have made successful progress up until this point and the nature of the injury would make it impossible for them to attend the upcoming courses. How do I document that in the MIS so the participant isn't flagged for exit?

Answer:

- The Career Planner must record this in the MIS using the *Planned Gap/Holding* service. Documentation of the medical injury and their anticipated return date must be kept in the case file and outlined in case notes.

Youth Program Elements - Application

Question:

- Does the Department require local programs to use Workforce Innovation and Opportunity Act funds for each of the 14 program elements?

Answer:

- Local WIOA youth programs must make all 14 program elements available to youth participants, but not all services must be funded with WIOA youth funds.
- Local programs should leverage partner resources to provide program elements that are available in the local area.
- If a local program does not fund an activity with WIOA Title I youth funds, the local area must have an agreement in place with the partner to offer the program element and ensure that the activity is connected and coordinated with the WIOA youth program if enrolled youth participate in the program element.

Program Exit Reminders

Reminders regarding program exits

- If a participant is employed and is not in need of any further services, please prepare for exit.
- Remember, if no services have been provided to the participant in 90 days, there is no gap in services, and there is no plan for future services, they must be exited.
- Customer should be offered Follow-Up services and it should be case noted if the customer accepted or not.
- Reports are available in the Illinois Performance Accountability and Transparency System (IPATS) to determine when participants have not received an enrolled service and should be reviewed for exit following the “90 Day NO Service” rule and must be exited.

Program Exit Reminders

Reminders regarding program exits – continued

- Prior to entering an exit record, the following information must be reviewed for accuracy, and any deficiencies identified must be corrected:
 - Every service provided to the participant has been recorded and close any open services by adding the end date and completion status;
 - All supporting documentation has been obtained and is physically located in the file and/or case notes are entered;
 - Each credential (Diploma/Degree/Certification) achieved has been added to the credential record and appropriate credentials selected in the exit record;
 - All types of Measurable Skill Gains (MSGs) achieved are recorded;
 - The exit record includes one School Status at Exit and one Exit Reason; and
 - If the exit reason is an exclusion from the performance indicators as outlined in the Exclusions from Performance section of this policy, supporting documentation/validation is included in the file.
 - Note a separate exit reason is required for each co-enrolled program.
